

## TESTIMONIAL

"On behalf of all the members of AOK, I thank you for the great job you did this fortnight, forcing us as much as possible to bring our thoughts on KM to the front lines. It is the toughest job I assign to our STAR moderators and you did very well. You also earn the distinction of doing the best job of any STAR in closing out the discussion. We didn't get enough focus from our members on Organisational Development and KM, and so you filled the gap with your final three posts. Then you added a summary of the conversation including lessons learned which no STAR moderator has done better. And, that is very much appreciated because I will be able to add it to your STAR page <http://www.kwork.org/Stars/Fawcett/fawcett.html> and use it in the next EZine. That's important because so many of our members feel they don't have enough time to follow every word, paragraph, ream, of a STAR Series Dialogue. A summary is a valuable thing. You have given many hours of your time these past two weeks thank you this 'gift of your time' matters!"
